CONTACT INFORMATION	Fossils, Phylogeny and Macroevolution group Department of Biology and Biochemistry University of Bath, Avon, United Kingdom	office: +44 01225385437 e-mail: rcpm20@bath.ac.uk Blog: rossmounce.co.uk Twitter: @termounce
RESEARCH INTERESTS	My thesis is on the use and impact of fossils in phylogenetic analyses, particularly with regard to homoplasy and character congruence but also compatibility. The comparative usage of tree-to-tree distance measures is also an ongoing theme. I also take great interest in data sharing, data re-use and synthesis in modern academic research.
